MEMORANDUM OF UNDERSTANDING

Website Design & Development for Future Right

Client: Future Right Financial Solutions LLC (futureright.us)

Service provider: WebSpider Solutions (webspidersolutions.com)

Engagement value: ₹40,000 + GST (one-time)

Date: 23 October 2026

What is inside

1. Parties 2. Purpose 3. Project at a glance 4. Platform & technical setup
5. Page-by-page scope 6. Features included 7. Reference websites
8. SOP: how we will build it 9. Timeline 10. What we need from Future Right
11. Not included 12. Commercials & payment 13. Revisions & changes
14. Support after launch 15. Ownership, confidentiality & compliance 16. Signatures

1. Parties

This Memorandum of Understanding ("MoU") is made on ____ / ____ / 2026 between:

	Service provider	Client
Name	WebSpider Solutions	Future Right Financial Solutions LLC
Represented by	Aditya Kumar, Founder & CEO	_____
Address	Delhi NCR, India	_____
Email	info@webspidersolutions.com	futureright.fin@gmail.com
Phone / WhatsApp	+91 88510 71512	+1 (669) 245-8382

In this MoU, WebSpider Solutions is called "WebSpider" and Future Right Financial Solutions LLC is called "Future Right" or "the Client".

2. Purpose

Future Right wants a new website to replace the current futureright.us site built on Hostinger Website Builder. The new site must look credible, explain each service clearly, build trust, rank on Google, be easy for AI assistants to understand, and turn visitors into booked consultations.

This MoU covers website design and development only. SEO retainers, social media management, paid ads and ongoing blog writing are not part of this engagement and can be agreed separately.

3. Project at a glance

19	10–15	₹40,000	30 days
Pages designed and built	Working days from kickoff to go-live	+ GST, one-time	Free support after launch

Item	Detail
Platform	WordPress (latest version), custom lightweight theme
Design	Custom design for desktop, tablet and mobile, based on the Future Right logo and colours
Content	WebSpider prepares a content draft for every page, gets it approved, then writes the final content. Future Right and its compliance contact approve both stages
Two journeys	"Plan My Future" for clients and "Join Our Team" for recruits, kept separate
Conversion	Online booking, enquiry forms, click-to-call, one lead-magnet download, one calculator
Search readiness	On-page SEO, schema markup, sitemap, redirects, GA4 and Search Console setup
Handover	Full admin access, training video and a short how-to guide

4. Platform & technical setup

Area	What WebSpider will set up
CMS	WordPress with a custom, lightweight theme. No heavy page builders that slow the site down. Easy editing for text, images and blog posts.
Hosting	Set up on the Client's hosting. We recommend managed WordPress hosting (for example Hostinger Business/Cloud, SiteGround or Cloudways). Hosting is paid by the Client.
Domain & email	Point futureright.us to the new site. Guidance to set up a domain email (e.g. hello@futureright.us). Domain and email subscriptions are paid by the Client.
Security	SSL (HTTPS), security plugin, login protection, spam protection on all forms, daily backups set up on hosting.
Speed	Image compression (WebP), caching, lazy loading, minimal scripts. Target: 85+ mobile score on Google PageSpeed Insights for the homepage.
Mobile	Mobile-first build tested on iPhone, Android, iPad, Chrome, Safari, Edge and Firefox.
Accessibility	Readable font sizes, colour contrast, alt text, keyboard-friendly menus and forms.
Tracking	Google Analytics 4, Google Search Console, and events for form submits, bookings, phone clicks and guide downloads.

5. Page-by-page scope

The new website will have 19 pages. Each page below lists the sections WebSpider will design, write and build.

Page	Purpose	Sections included
Home	First impression; tell visitors who Future Right helps and get them to book	• Hero with clear value line + "Book a free consultation" button • Who we help (families, professionals, pre-retirees, business owners) • Services grid linking to all 6 service pages • "How it works" in 3 steps • Meet the advisor(s) strip • Reviews (verified, compliance-approved only) • Free guide download • FAQs (6–8) • Join Our Team teaser • Booking section + footer with disclosures
About Us	Build trust in the people behind Future Right	• Story and mission • Values and approach • Team overview with links to advisor profiles • Credentials and licences (as provided) • Product providers (if permitted) • Booking CTA
Advisor Profiles (up to 3)	One page per advisor; strong trust and Google/AI signal	• Photo, name, role and credentials • Short bio and areas of focus • Licence details / public lookup link • LinkedIn link • Book with this advisor button
Services (hub)	One place to see everything Future Right offers	• Short intro • Cards for all 6 services • "Not sure where to start?" CTA
Retirement Planning	Service page	• Answer-first intro • Who it is for • How we help (process) • Options explained simply • FAQs (8–10) • Advisor box + disclosures • Booking CTA + related links
Life & Family Protection	Service page	• Same service template as above • Link to Life Insurance Needs Calculator
Kids Education / College Funding	Service page	• Same service template • 529 plan basics section

Page	Purpose	Sections included
Estate Planning: Will & Trust	Service page	• Same service template • Will vs trust comparison table • Note to consult an attorney where needed
Tax-Smart Savings	Service page	• Same service template • Note to consult a CPA where needed
Investment Planning	Service page	• Same service template
Who We Help	Speak directly to each audience	• Sections for young families, tech professionals, business owners, pre-retirees • Common goals and matching services for each
Life Insurance Needs Calculator	Simple tool that answers "how much cover do I need?"	• Inputs: income, debts, kids, years of support, existing cover • Instant estimate with a clear disclaimer • Book a review CTA
Learning Center (blog)	Home for future guides and FAQs	• Blog listing with categories and search • Article template with author box, table of contents and FAQs • Set up ready to publish; article writing not included
San Jose / Bay Area	Local landing page for "financial advisor San Jose" searches	• Local intro and service area • Services for Bay Area families • Local FAQs • Map, address/service area and booking
Join Our Team	Separate page for recruits	• Career overview • Training and mentorship • What to expect / FAQs • Application or "book an opportunity call" form • Compliance-approved wording only (no income promises)
Contact & Book	Make booking easy	• Booking calendar embed (Calendly or similar) • Enquiry form • Phone, email, address/service area, map • Office hours
Disclosures	Required financial and insurance disclosures	• Text provided or approved by the Client's compliance contact
Privacy Policy & Terms of Use	Legal pages	• Standard templates adapted to the site; Client to have them reviewed
Thank You + 404 page	Utility pages	• Thank-you page after form/booking (used for tracking) • Helpful 404 page with links back to services

Note: Privacy Policy and Terms are counted as one item, and Thank You + 404 as one item, in the total of 19 pages.

6. Features included

Conversion features

- Online booking embed (Calendly, Acuity or similar; subscription paid by the Client if a paid plan is needed)
- Enquiry form, recruiting form and newsletter/lead-magnet form with email notifications
- One downloadable lead magnet set up (e.g. "Family Financial Checklist" PDF, designed by WebSpider from Client-approved text)
- Sticky "Book a call" button and click-to-call on mobile
- Form connection to Mailchimp or Brevo (free plan) so leads are saved

SEO & AI search features

- Unique title, meta description and one clear H1 on every page
- Clean URLs, e.g. /services/estate-planning-will-trust/
- Schema markup: Organization / FinancialService, Person (advisors), Service, FAQPage, BreadcrumbList, Article
- XML sitemap, robots.txt, canonical tags, Open Graph images for social sharing
- Answer-first intros and FAQ blocks on all service pages, written so Google and AI assistants can quote them
- llms.txt file and a consistent brand description across the site
- 301 redirects from every old URL (e.g. /estateplanning, /kids-funding, /blog-post1, /advisors) to the right new page
- Removal of old placeholder pages, fake testimonials and template blog posts

Content

- Content draft for all 19 pages: page structure, key messages, headings, FAQs and draft copy, shared for approval
- Final content written by WebSpider from the approved draft, in simple, human language, with service pages of about 1,000–1,500 words each
- Final content shared for a last approval before it is placed on the site
- Images: real photos supplied by the Client, plus licensed stock images where needed (no images showing other brands or apps)
- Icons and simple graphics designed to match the brand

7. Reference websites

Please look through these sites before the kickoff call and tell us what you like. We will use them for direction on layout, tone and features, not copy them. All are US financial brands with clean, trust-first websites.

Website	What to look at	Idea for Future Right
facet.com	Hero, simple 3-step process, team section, sample money questions, disclosures in footer	Homepage flow and "How it works" section
range.com	Service areas laid out by topic (investments, tax, estate, retirement), 5-step onboarding, FAQs	Services hub and the way each service is grouped
brooklynfi.com	"Without us vs with us" comparison, focus on a clear audience, warm tone	Who We Help page and a friendlier, human voice
trustandwill.com	"Wills & trusts explained" education, plan-finder quiz, strong FAQs	Estate Planning page and the will vs trust comparison
ethos.com	Clean life insurance journey, "how it works", life insurance calculator linked from FAQs	Life & Family Protection page and the calculator

> **How to share feedback**
>
> For each site, just note: "like" / "don't like" and one line on why. Screenshots are welcome. Please share it before the kickoff call so we can lock the design direction on day 1.

8. SOP: how we will build it

This is the step-by-step process we follow. Each phase ends with a clear deliverable and a sign-off from Future Right before we move to the next phase.

Phase	When	Steps	Deliverable
Phase 1: Kickoff & discovery	Day 1	• 45-minute kickoff call: goals, audience, services, locations, compliance process • Client shares access (domain, hosting, Google account) and the onboarding form • Client shares feedback on the 5 reference websites • WebSpider collects logo files, photos, credentials, licences and disclosures • Old URL list exported for redirects	Signed-off project brief and content checklist
Phase 2: Sitemap & content draft	Day 1–3	• Final sitemap (19 pages) with URLs • Page-by-page keyword and question map • Content draft for every page: structure, headings, key messages, FAQs and draft copy • Draft shared in a Google Doc for Client and compliance review	Approved sitemap and content draft
Phase 3: Design	Day 2–5	• Style direction: colours, fonts, buttons, icons, photo style • Desktop + mobile designs for Home and the Service page template • Designs shared in Figma with a clickable preview link • Up to 2 rounds of design changes	Approved homepage and template designs
Phase 4: Final content writing	Day 4–7	• WebSpider writes the final content for all pages from the approved draft • Client adds or checks facts (credentials, licences, products, address) • Client's compliance contact gives final approval • 1 round of changes on the final content	Final, compliance-approved content for all pages
Phase 5: Development	Day 5–10	• Staging (test) site set up on a private link • Theme built from approved designs; all 19 pages built with the final content • Forms, booking, calculator, lead magnet, newsletter connection • Schema markup, meta tags, sitemap, llms.txt • Speed and security setup	Complete staging site ready for review

Phase	When	Steps	Deliverable
Phase 6: Review & testing	Day 10–13	• Client reviews the staging site and shares one consolidated list of changes • WebSpider fixes changes (1 round on staging) • QA checklist: all links, forms, booking, calculator, mobile/tablet/desktop, 4 browsers • PageSpeed test, broken-link check, spelling check • Redirect map from old URLs tested	Client sign-off to go live
Phase 7: Launch & handover	Day 13–15	• Final backup of the old site • Site moved to live hosting and connected to futureright.us • 301 redirects switched on; old placeholder pages removed • GA4, Search Console and sitemap submitted; tracking events tested • Handover of logins, recorded training video and short how-to guide	Live website on futureright.us + handover pack
Phase 8: Support	30 days after launch	• Bug fixes and small updates • Search Console monitoring for crawl and redirect issues • Live checks on all pages within 24 hours of launch	Stable website

Working rules

- One point of contact from each side to keep decisions quick.
- Daily update on WhatsApp during the build: what is done, what is next, what we need.
- All files shared through Google Drive and Figma; nothing gets lost in chats.
- Feedback is given as one consolidated list per round, not in pieces, to avoid delays.
- No content goes live without the Client's written approval.

9. Timeline

The website will be delivered within 10–15 working days from the kickoff call. Working days are Monday to Saturday, India time.

Working days	Milestone	Who
Day 1	Kickoff call, access, onboarding form, reference feedback	Both
Day 1–3	Sitemap and content draft shared and approved	WebSpider drafts, Client approves
Day 2–5	Homepage + service template designs approved	WebSpider designs, Client approves
Day 4–7	Final content written and approved	WebSpider writes, Client + compliance approve
Day 5–10	Development; staging site ready for review	WebSpider
Day 10–13	Changes done, testing complete, go-live sign-off	Both
Day 13–15	Website live, tracking set up, handover	WebSpider

Please note

The 10–15 working day delivery assumes all access and inputs are shared on day 1, and feedback and approvals come back within 1 working day at each stage. Time taken for compliance review on the Client's side is added to the timeline; WebSpider will not be responsible for delays caused by pending inputs or approvals.

10. What we need from Future Right

Item	Needed by
Access to domain, Hostinger account and hosting (or new hosting purchased)	Day 1
Google account access for GA4 and Search Console	Day 1
Logo files, brand colours and any brand guidelines	Day 1
Feedback on the 5 reference websites	Before kickoff
Office address / service area, licensed states, products offered	Day 1
Advisor names, photos, credentials, licence details and short bios	Day 2
Team and office photos (professional photos recommended)	Day 3
Disclosure text and compliance contact details	Day 1
Verified client reviews that compliance has approved for use (if any)	Day 3
Booking tool login (Calendly or similar)	Day 5
Content and design approvals within 1 working day of each submission	Ongoing

11. Not included in this MoU

The following are outside this engagement. They can be quoted separately if needed.

- Domain, hosting, business email and any paid plugin, theme, booking or email-marketing subscriptions
- Ongoing SEO, link building, local citations and monthly reporting
- Google Business Profile setup and management
- Social media management, content creation and paid ads (Google or Meta)
- Blog/article writing after launch (the Learning Center is set up ready to publish)
- Professional photo or video shoots
- More than 3 advisor profiles, more than 1 calculator, or extra city landing pages
- Client portal, login areas, payment gateways or CRM integration beyond the form connection listed
- Legal or compliance review of content (this is the Client's responsibility)
- Translation into other languages
- Website maintenance after the 30-day support period

12. Commercials & payment

Description	Amount
Website design & development as per this MoU (one-time)	₹40,000
GST @ 18%	₹7,200
Total payable	₹47,200

Payment schedule

Milestone	Share	Amount (+ GST)
On signing this MoU (advance, before kickoff)	50%	₹20,000
On approval of homepage and template designs	30%	₹12,000
Before the website goes live	20%	₹8,000

- An invoice is raised at each milestone and is payable within 5 working days.
- Payment by bank transfer / international wire. Bank charges and currency conversion charges are borne by the Client. If paid in USD, the amount is calculated at the exchange rate on the invoice date.
- Work moves to the next phase only after the milestone payment is received.
- The website goes live only after the full payment is received.
- Third-party costs (hosting, domain, paid tools) are paid by the Client directly to the provider.

13. Revisions & change requests

Stage	Included revisions
Content draft (per page)	1 round
Design (homepage + template)	2 rounds
Final content (per page)	1 round
Staging site	1 consolidated round

- A "round" means one consolidated list of changes shared at once.
- Anything new that is not listed in this MoU (extra pages, new features, a full redesign after approval) is a change request. WebSpider will share the cost and time impact in writing before starting it.

14. Support after launch

- 30 days of free support from the go-live date.
- Covers: bug fixes, broken layouts, form or booking issues, and small text or image updates (up to 2 hours in total).
- Search Console monitoring for crawl errors and redirect issues during the 30 days.
- Response within 1 working day (India time, Monday to Saturday).
- Issues caused by changes made by the Client or other parties, plugin updates done by others, or hosting problems are not covered.
- After 30 days, an optional monthly maintenance plan can be agreed separately.

15. Ownership, confidentiality & compliance

Ownership

- After full payment, Future Right owns the website, its design files, written content and all admin access.
- Third-party items (WordPress, plugins, stock images, fonts) stay under their own licences.
- WebSpider may show the website in its portfolio and case studies, without sharing any confidential client data.

Confidentiality

- Both parties keep each other's business information, client data, logins and pricing confidential, during and after the project.
- WebSpider will not access, copy or share any client data collected through website forms, except to set up and test them.

Compliance

- Future Right is responsible for making sure all website content, disclosures, reviews and recruiting language meet the rules of its regulators, broker-dealer, IMO and carriers.
- WebSpider writes in an educational tone and avoids guarantees, but does not provide legal, tax or compliance advice.
- Nothing will be published without the Client's written approval.

Termination

- Either party can end this MoU with 7 days' written notice.
- If the Client ends the project, payments already made are not refunded, and work completed up to that point is handed over once dues for that work are cleared.
- If the Client does not respond or share inputs for 30 days, the project is paused, and restarting may need a new timeline.

General

- This MoU is the full agreement for this website project. Any change must be agreed in writing (email is fine).
- Both parties will try to settle any disagreement through a direct conversation first. Any dispute will be subject to the jurisdiction of courts in Delhi NCR, India.

16. Acceptance & signatures

By signing below, both parties agree to the scope, timeline and terms in this MoU.
